Critical issues congress 2021 is compliant with Ethical Medtech business code of practise.

Critical issues is accredited by the European Board for Accreditation in Cardiology for 10 CME credits.

# ÉDITO

## WELCOME TO PARIS!

**We are delighted to welcome you to the Pullman Paris Centre Bercy** for this new edition of the international experts symposium Critical Issues in Aortic Endografting.

**Critical Issues in Aortic Endografting** has, for almost a quarter century, delivered an annual benchmark of the latest technology and controversies for aortic interventionalists around the world. This year's programme is no different. At a time of unprecedented change and global uncertainty, Critical Issues will bring together the experts in the field to debate, discuss and display the latest and greatest trends.

A unique addition to the programme this year is the 'Coolest Case' sessions – where we will learn from some of the most experienced aortic interventionalists about their near-misses, proudest moments, and most creative saves. These sessions will be clinical vignettes of difficult cases from some of the world's busiest aortic centres. If we learn from shared experience, these sessions alone will improve global outcomes!

The new technology on the programme also spans the entire length of the aorta – from proximal devices to new methods to treat infrarenal endoleaks. We're building on the experience this forum has heard from in the past to learn new and more innovative techniques to treat our patients. And the open discussion at the end of each session will be sure to hold these new technologies up to a crucible of scrutiny, so they can evolve and become better before we incorporate them into our daily practice.

**Do not miss the congress dinner on Friday night**, the perfect occasion to meet all our experts in a convivial atmosphere.

**We hope that this edition will meet your expectations and will be an inspiring and interesting way to mark the end of 2021.**

**Programme directors**

**Stéphan HAULON & Tara MASTRACCI**

# FACULTY

Said ABISI | London, United Kingdom  
 Jean-Noel ALBERTINI | St-Etienne, France  
 Martin AUSTERMANN, Münster, Germany  
 Luca BERTOGLIO | Milano, Italy  
 Dittmar BÖCKLER | Heidelberg, Germany  
 Ludovic CANAUD | Montpellier, France  
 Thomas CARRELL | Cambridge, United Kingdom  
 Christopher CHENG | Stanford, United States  
 Martin CLARIDGE | Birmingham, United Kingdom  
 Frédéric COCHENNEC | Creteil, France  
 Sean CRAWFORD | Toronto, Canada  
 Jean-Paul DE VRIES | Groningen, The Netherlands  
 Nuno DIAS | Malmö, Sweden  
 Christian ETZ | Leipzig, Germany  
 Dominique FABRE | Le Plessis-Robinson, France  
 Mark FARBER | Chapel Hill, United States  
 Aaron FARGION | Florence, Italy  
 Marcelo FERREIRA | Rio, Brazil  
 Enrico GALLITTO | Bologna, Italy  
 Mauro GARGIULO | Bologna, Italy  
 Richard GIBBS | London, United Kingdom  
 Francisco J. GÓMEZ PALONÉS | Valencia, Spain  
 Julien GUIHAIRE | Le Plessis-Robinson, France  
 Stéphan HAULON | Le Plessis-Robinson, France  
 Robin HEIJMEN | Nieuwegein, The Netherlands  
 Adrien HERTAULT | Lille, France  
 Tomasz JAKIMOWICZ | Warsaw, Poland  
 Piotr KASPRZAK | Regensburg, Germany  
 Tilo KÖLBEL | Hamburg, Germany  
 Maximilian KREIBICH | Freiburg, Germany  
 Mario LESCAN | Tübingen, Germany  
 Nicolas LOUIS | Nîmes, France  
 Tara MASTRACCI | London, United Kingdom  
 Blandine MAUREL | Nantes, France  
 Barend MEES | Maastricht, The Netherlands  
 Germano MELISSANO | Milano, Italy  
 Antoine MILLON | Lyon France  
 Bijan MODARAI | London, United Kingdom

Nilo Javier MOSQUERA | Ourense, Spain  
 Giuseppe PANUCCIO | Hamburg, Germany  
 Quentin PELLENC | Paris, France  
 Giovanni PRATESI | Genoa, Italy  
 Timothy RESCH | Copenhagen, Denmark  
 Vincent RIAMBAU | Barcelona, Spain  
 Fiona ROHLFFS | Hamburg, Germany  
 Giovanni ROSSI | Lecco, Italy  
 Guido ROUHANI | Frankfurt, Germany  
 Andres SCHANZER | Worcester, United States  
 Geert Willem SCHURINK | Maastricht, The Netherlands  
 Jonathan SOBOCINSKI | Lille, France  
 Rafaëlle SPEAR | Grenoble, France  
 Giovanni TINELLI | Roma, Italy  
 Carlos TIMARAN | Dallas, Usa  
 Nikolaos TSILIMPARIS | Munich, Germany  
 Mark TYRRELL | London, United Kingdom  
 Srinivasa VALLABHANENI | Liverpool, United Kingdom  
 Isabelle VAN HERZEELE | Gent, Belgium  
 Eric VERHOEVEN | Nurnberg, Germany  
 Alexander ZIMMERMANN | Zurich, Suisse

# SYNOPTIC

	FRIDAY	SATURDAY
07.30	Welcome coffee	Welcome coffee
08.00	Welcome address	Greetings and warm welcome
08.10	Proximal session	Aortic branches and bridging stents
09.26		Acute type B dissections
09.50	Coffee break	
10.20	Spinal ischemia session	Coffee break
10.34		Adjuncts and toys
11:04		
11:36	Thoracoabdominal	Thoracoabdominal complications
12.12		Adjournment
13.00	Lunch	
13.12		
14.00	Chronic dissections	
15.32	The AAA session	
16.48	Coffee break	
17.18	Imaging	
18.34	Endoleaks	
19.34	Adjournment	
20.00	Official dinner	

# FRIDAY, DECEMBER 17

07:30 **Welcome coffee**

08:00 **Welcome address**  
**Stéphan Haulon, Tara Mastracci**

08:10 **Proximal session**  
Moderators: **Stéphan Haulon, Tara Mastracci**

08:10 Lesson from the past: arch fenestrations and the first devices. **Timothy Resch**

08:18 Single or multibranch devices? Pros and cons. **Nikolaos Tsilimparis**

08:26 Early experience with a single branch design. **Dittmar Böckler**

08:34 Stroke and arch branch - what's the cause. **Tilo Kölbel**

08:42 What to do about the aortic valve? Update on valve and LV damage following endovascular repairs? **Maximilian Kreibich**

08:50 My challenging arch CASE. **Tomasz Jakimowicz**

08:58 Endografts for acute type A dissections. **Ludovic Canaud**

09:06 Frozen Elephant trunk – tips & tricks for better outcomes. **Julien Guihaire**

09:14 Triple branched endografts are my favorite option. **Robin Heijmen**

09:22 Total percutaneous arch branched repair. **Stéphan Haulon**

09:30 Discussion

09:50 **Coffee break**

10:20 **Spinal ischemia session**  
Moderators: **Germano Melissano, Carlos Timaran**

10:20 Lesson from the past: what's actually the evidence for spinal drainage. **Bijan Modarai**

10:28 MISACE - update and technical tips and tricks. **Christian Etz**

10:36 Lower extremity weakness after TAAA repair: we all see it. **Tara Mastracci**

10:44 How many stages is enough. **Luca Bertoglio**

10:52 How should we perform and monitor CSF drainage to reduce its morbidity.

**Germano Melissano**

11:00 Do I need MEP's to prevent SCI during endo TAAA repair? **Geert Willem Schurink**

11:08 NIRS monitoring is much simpler than MEP's. **Carlos Timaran**

11:16 Discussion

11:36 **Thoracoabdominal**  
Moderators: **Stéphan Haulon, Tilo Kölbel**

11:36 Lesson from the past: off the shelf devices are always the best option?

**Tomasz Jakimowicz**

11:44 How to avoid trouble when using inner branches? **Eric Verhoeven**

11:52 Right versus left arm approach: what does the evidence say. **Nuno Dias**

12:00 How shaggy is too shaggy to treat. **Germano Melissano**

12:08 Addressing thoraco-abdominal morphology with artificial landing zones.

**Antoine Millon**

12:16 US IDE consortium: the best data on FBEVAR? **Andres Schanzer**

12:24 Expanded use of preloaded devices: advantages and limitations. **Carlos Timaran**

12:32 My coolest CASE #1: the hardest thoracoabdominal aneurysm I've ever repaired.

**Sean Crawford**

12:40 My coolest CASE #2: using suture to help with sheath orientation. **Giuseppe Panuccio**

12:48 Discussion

13:00 **Lunch in the exhibition hall**

14:00 **Chronic dissections**

Moderators: **Andres Schanzer, Eric Verhoeven**

14:00 How to prevent persistent flow in the false lumen: coils, occluders, endotrash?

**Quentin Pellenc**

14:08 What to do about persistent flow in the false lumen after FBEVAR. **Mark Farber**

14:16 Times when you need to land in the false lumen. **Nuno Dias**

14:24 Successes and failures after candy plug implantation. **Fiona Rohlfss**

14:32 Stent-assisted balloon dilatation of chronic aortic dissection. **Giovanni Rossi**

14:40 BEVAR, a safe option in chronic dissections with collapsed true lumens?

**Marcelo Ferreira**

14:48 Tips and tricks for sizing/technical success in chronic dissections. **Timothy Resch**

15:56 Tips & tricks to perform challenging iliac branch procedures. **Nilo Javier Mosquera**

15:04 Proximal seal with LSA branched/fenestrated devices. **Guido Rouhani**

15:12 Discussion

15:32 **The AAA session**

Moderators: **Adrien Hertault, Timothy Resch**

15:32 Lesson from the past: open repair has a role, but its second line treatment.

**Andres Schanzer**

15:40 What is a large IR neck? Should EVAR be performed in large necks? **Mark Tyrrell**

15:48 How to improve the durability at your centre. **Tara Mastracci**

15:56 Endostaplers, a bailout option or an everyday tool? **Jean-Paul de Vries**

16:04 How do I manage challenging anatomies in complex AAA. **Mario Lescan**

16:12 What is the real benefit of low profile endografts, if any? **Timothy Resch**

16:20 Percutaneous closure devices, any interesting new players in the field?

**Giovanni Pratesi**

16:28 Urgent AAA repair with short necks: open, home made fen, in situ laser fen or BEVAR?

**Frédéric Cochenne**

16:36 Discussion

16:48 **Coffee break**

17:18 **Imaging**

Moderators: **Dittmar Böckler, Tilo Kölbel**

17:18 Why do we need radiation guidelines? **Bijan Modarai**

17:26 Can we predict deformation of the aorta? **Thomas Carrell**

17:34 Benefit of simulation when planning endografts. **Jean-Noël Albertini**

17:42 Making a hybrid room functional: elements of a good one. **Isabelle Van Herzele**

17:50 Lessons learned from brain imaging following TEVAR. **Richard Gibbs**

17:58 What technologies to replace X-ray in the near future? **Dittmar Böckler**

18:06 Fusion for occlusive disease, a game changer? **Nicolas Louis**

18:14 Discussion

18:34 **Endoleaks**

Moderators: **Marcelo Ferreira, Bijan Modarai**

18:34 Lessons from the past: treatment of intraoperative type I endoleaks. **Barend Mees**

18:42 My approach to the type II endoleak. **Dittmar Böckler**

18:50 Is preventive IMA coiling efficient? **Jonathan Sobocinski**

18:58 My coolest case 1: the hardest endoleak I've ever repaired. **Martin Claridge**

19:06 My coolest case 2: the hardest endoleak I've ever repaired. **Blandine Maurel**

19:14 Discussion

19:34 **Adjournment**

# SATURDAY, DECEMBER 18

07:30 **Welcome coffee**

08:00 **Greetings and warm welcome**

08:10 **Aortic branches and bridging stents**

Moderators: **Tara Mastracci, Eric Verhoeven**

08:10 Lesson from the past: how to best design a FBEVAR. **Eric Verhoeven**

08:18 How I test all bridging stents. **Martin Austermann**

08:26 Target vessels injuries/dissections during endo TAAA. **Srinivasa Vallabhaneni**

08:34 Experience with a new self expandable bridging stent. **Marcello Feirrer**

08:42 When do I need to reline my bridging stents? **Said Abisi**

08:50 Long term outcomes of bridging stents. **Rafaëlle Spear**

08:58 Dynamic geometric analysis of target arteries/bridging stents. **Christopher Cheng**

09:06 Discussion

09:26 **Acute type B dissections**

Moderators: **Nuno Dias, TBD**

09:26 When do we intervene - 14 days? 3 months? **Enrico Gallitto**

09:34 STABILIZE, a safe option for every patients? **Germano Melissano**

09:42 Is pleural effusion an indication for intervention? And what are the other indications?

**Mauro Gargiulo**

09:50 How do I prevent iatrogenic type A dissection? **Mark Farber**

10:58 How do I find my way to the true lumen, and when do I stent visceral branches?

**Aaron Fargion**

10:06 My coolest case: The urgent dissection I can't believe I fixed. **Giovanni Tinelli**

10:14 Discussion

10:34 **Coffee break**

11:04 **Adjuncts and toys**

Moderators: **Mauro Gargiulo, Carlos Timaran**

11:04 IVUS and my practice. **Carlos Timaran**

11:12 The steerable sheath changed my life. **Giovanni Pratesi**

11:20 The best device to reline an EVAS. **Piotr Kasprzak**

11:28 What next with lasers? **Nuno Dias**

11:36 The hairy endograft, a revolutionary concept? **Dominique Fabre**

11:44 Next generation low profile fenestrated endografts. **Vincent Riambau**

11:52 Early experience with FORS. **Tilo Kölbel**

12:00 Discussion

12:12 **Thoracoabdominal complications**

Moderators: **Stéphan Haulon, Andres Schanzer**

12:12 What replaced the conduit and when is it needed. **Nuno Dias**

12:20 Branch separation in long term follow up, how do I fix it? **Luca Bertoglio**

12:28 Infection of FBEVAR. **Alexander Zimmermann**

12:36 My coolest case: how did I manage to insert endografts in very challenging aortic angulations. **Bijan Modarai**

12:44 My coolest case: the complication I couldn't have ever predicted. **Francisco J. Gómez**

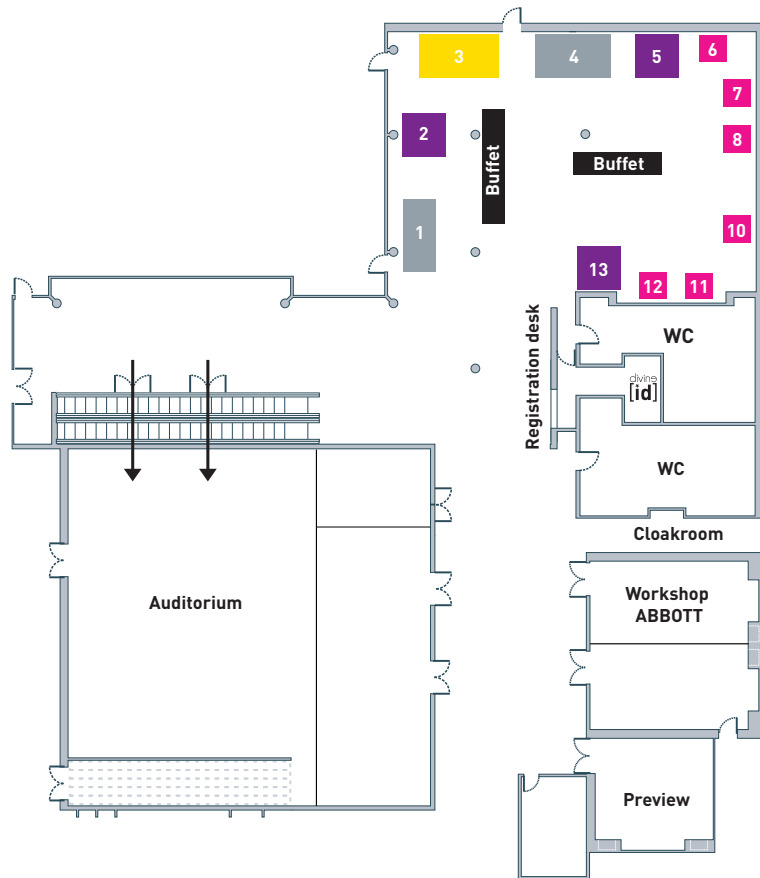

**Palonés**

12:52 Discussion

13:12 **Adjournment**

# INFORMATION

## OFFICIAL LANGUAGE

The official language of the congress is English

## OFFICIAL DINNER

Seated dinner

**Date:** Friday December 17, at 8:00pm

**Place:** Pullman Paris Centre Bercy Hotel, the congress venue

**Address:** 1 Rue de Libourne, 75012 Paris

**Price:** 70€

## FREE WIFI

1. Connect to the Pullman Paris Centre. **Bercy network:** ACCORHOTELS-GUESTS
2. Open your browser, an automatic page appears
3. Choose free wifi, enter your email address and you are connected

## CONGRESS VENUE

Pullman Paris centre Bercy  
1 rue de Libourne  
75012 Paris

## EXHIBITION HOURS

**Friday December 17:** 07:30 – 19:30  
**Saturday December 18:** 07:30 – 13:00

## INFORMATION & REGISTRATION DESK

**Friday December 17:** 07:00 – 19:00  
**Saturday December 18:** 07:30 – 13:00

## HEALTH PASS

The Covid health pass is mandatory to attend the congress.
