EDITORIAL

Dear partners,

The 56th Annual Meeting & 42nd Post Graduate Course will be held from June 1st to 5, 2020 in Marseille Palais du Pharo a very convenient venue, easily accessible with simple and short transportation.

On behalf of the European Society of Paediatric Radiology (ESPR) I would like to invite you to participate in and to support the 56th Annual Meeting and 42th Post Graduate Course of the ESPR congress.

The annual meeting of the ESPR is the largest meeting of paediatric radiologists in Europe and one of the largest worldwide, it is multinational (Europe, Middle East, Africa, USA). About 700 participants (radiologists, radiopaediatricians, general radiologists who deal of adults) from Europe as well as from all over the world are expected. The congress has the reputation of presenting the most modern advances in paediatric radiology, combined with advanced and basic education options.

We consider you, the industry representatives, as an important and essential partner without whom the successful organisation of this meeting would be impossible. Information on current developments in the industry and its products are essential for decision-makers in medicine. We therefore want to create an interface between decision-makers, physicians and scientists in paediatric radiology and your technical expertise and your actual product information.

We expect all relevant leaders in the field of paediatric radiology. Furthermore, we expect the participation of many general radiologists who want to improve their skills in the field of paediatric radiology.

Various options will help you to perfectly position your company and we hope you will enjoy this next edition and will join us massively in Marseille.

Pr. Philippe Petit
Congress president
