EDITO

Dear friends and colleagues,

EuroValve is a European congress addressing the **entire heart team involved in the care of patients with Heart Valve Disease**, comprising cardiologists, cardiac surgeons, imaging specialists, cardiac physiologists and cardiac nurse specialists as well as trainees.

This year, **EuroValve 2022** will take place in Cambridge, on the **7th & 8th of October 2022**. The congress venue is the **“Debating Chamber” of the Cambridge Union Society**, the oldest Debating Chamber in the world, promoting free speech and academic debates. The Debating Chamber has a long tradition of hosting prominent figures from all areas of public life, including the Dalai Lama, President Ronald Reagan, Bill Gates, Stephen Hawking, Prime Ministers Winston Churchill, Margaret Thatcher, and John Major. Heart valve disease is in the spotlight of scientific interest, as a result of a significant increase in prevalence. The evidence base for diagnosis and management techniques is continuously evolving.

This year, EuroValve will **focus on controversies, gaps of evidence and areas where advances are expected or desirable**. The nature of the venue explains the structure of the programme, comprising **mainly debates and discussion of “debatable” cases**, however also **industry symposia** and flash news sessions. As always, EuroValve will promote interaction and discussion of subjects of current interest or controversy. The debates will cover clinical dilemmas, advanced imaging and management of heart valve disease. The industry symposia will provide learning opportunities on the role of CT in the assessment of heart valves and in the planning of intervention, the emerging role of fusion imaging, as well as learning of mitral and tricuspid valve morphology with the help of anatomic specimens and imaging. Opportunity of one-to-one learning of mitral and tricuspid valve morphology on specimens will be also available and adjusted to the learning needs of all members of the heart team. An insight will be provided into new concepts in heart valve disease management planning and prosthetic valve design.

Come join us, share your knowledge and experience and learn in an entertaining and enjoyable way!

SYNOPTIC

FRIDAY 7TH OCTOBER

08:45	Opening ceremony
08:50	Local host presentation of the venue
09:00	Controversies, debates, gaps in VHD diagnosis and management
10:30	Coffee break in the exhibition hall
11:00	Controversies, debates, gaps in VHD diagnosis and management
12:30	Lunch break in the exhibition hall
13:30	Satellite Symposium
14:30	Flash news
15:00	Debatable Cases
15:50	Coffee break in the exhibition hall
16:20	Controversies, debates, gaps in VHD diagnosis and management
17:50	End of the sessions

SATURDAY 8TH OCTOBER

09:00	Controversies, debates, gaps in VHD diagnosis and management
10:30	Coffee break in the exhibition hall
11:00	Controversies, debates, gaps in VHD diagnosis and management
12:30	Lunch break in the exhibition hall
13:30	Satellite Symposium
14:30	Controversies, debates, gaps in VHD diagnosis and management
15:30	Coffee break in the exhibition hall
16:00	Flash news: COMPANY: EDWARDS
16:30	Debatable cases with live-in-a-box result
17:30	Closing remarks

03 FRIDAY 7TH

08:45 **Opening ceremony.** Patrizio Lancellotti

08:50 **Local host presentation of the venue.** Madalina Garbi

09:00 | 10:30 CONTROVERSIES, DEBATES, GAPS IN VHD DIAGNOSIS AND MANAGEMENT

09:00 **That this House believes AVR/TAVI should be offered without waiting for symptoms in severe AS.**

Chairs: James Rudd, Jeroen Bax

Proposition: Marc Dweck | **Expert panel :** Pierluigi Costanzo, Augustin Coisne

Opposition: Benoy Shah | **Expert panel :** Anna Sonia Petronio, Raphael Rosenhek

Results: Proposition votes / opposition votes / abstentions

09:30 **That this House believes AS may be treated by preventing aortic valve calcification.**

Chairs: Patrizio Lancellotti, Philippe Pibarot

Proposition: Cecile Oury | **Expert panel :** Marc Dweck, Benoy Shah

Opposition: Bernard Cosyns | **Expert panel :** Julien Magne, David Montaigne

Results: Proposition votes / opposition votes / abstentions

10:00 **That this House believes disease staging should replace categorical grading of valve lesions.**

Chairs: Mani Vannan, Gilbert Habib

Proposition: Philippe Pibarot | **Expert panel :** Rebecca Hahn, Mathieu Lempereur

Opposition: Victoria Delgado | **Expert panel :** Eustacchio Agricola, Alain Berrebi

Results: Proposition votes / opposition votes / abstentions

10:30 Coffee break in the exhibition hall

Poster Display of accepted abstract

11:00 | 12:30 CONTROVERSIES, DEBATES, GAPS IN VHD DIAGNOSIS AND MANAGEMENT

11:00 **That this House believes MVP SCD relates to diffuse myocardial fibrosis.**

Chairs: Mary Sheppard, José-Luis Zamorano

Proposition: Madalina Garbi, Greg Mellor | **Expert panel :** Agnes Pasquet, Khalil Fattouch

Opposition: Vass Vassiliou, Claire Martin | **Expert panel :** Alain Nchimi Longang, Thierry Le Tourneau

Results: Proposition votes / opposition votes / abstentions

11:30 **That this House believes multimodality imaging assessment and treatment are needed in suspected subclinical prosthetic valve thrombosis.**

Chairs: Erwan Donal, Joelle Kefer

Proposition: Mauro Pepi | **Expert panel :** Dominik Schlosshan, Bobby Agrawal

Opposition: Marie-Annick Clavel | **Expert panel :** Giovanni La Canna, Andrew Marshall

Results: Proposition votes / opposition votes / abstentions

12:00 **That this House believes HFpEF should be prevented by treating coexistent systemic hypertension, not early AVR.**

Chair: Ian Wilkinson

Proposition: John Chambers | **Expert panel :** Simon Ray, Chris Rodgers

Opposition: Rebecca Hahn | **Expert panel :** Erwan Donal, Mai-Linh Nguyen

Results: Proposition votes / opposition votes / abstentions

12:30 Lunch in the exhibition hall

Poster Display of accepted abstract

13:30 | 14:30 SATELLITE SYMPOSIUM

14:30 | 15:00 FLASH NEWS

Chairs: Patrizio Lancellotti, Jeroen Bax

14:30 EuroEndo Registry. Gilbert Habib

14:45 Sex differences in valve disease. Rebecca Hahn

15:00 | 16:00 DEBATABLE CASES

Chairs: José-Luis Zamorano, Bernard Prendergast

15:00 Did echo make a complete diagnosis or we need more imaging? Nabila Laskar

15:10 Did exercise echo make a difference? Raluca Dulgheru

15:20 Did MRI make a difference? Will Watson

15:30 Did CT make a difference? Harriet Hurrell

15:30 **Expert panel :** David Montaigne, Alain Berrebi, Erwan Donal, Luigia D'Errico, Bobby Agrawal, Steffen Petersen

15:50 Coffee break in the exhibition hall

Poster Display of accepted abstract

16:20 | 17:50 CONTROVERSIES, DEBATES, GAPS IN VHD DIAGNOSIS AND MANAGEMENT

16:20 **That this House believes severity threshold for intervention should differ in bicuspid aortic valve.**

Chairs: Arturo Evangelista, Geu-Ru Hong

Proposition: Jeroen Bax | **Expert panel :** Madalina Garbi, Simon Ray

Opposition: José-Luis Zamorano | **Expert panel :** Erwan Donal, Clive Lewis

Results: Proposition votes / opposition votes / abstentions

16:50 **That this House believes evidence on durability should comply with the VARC3 definition of structural valve deterioration.**

Chairs: John Chambers, Thomas Modine

Proposition: Rebecca Hahn | **Expert panel :** Guy Lloyd, Marco Barbanti

Opposition: Bernard Prendergast | **Expert panel :** Augustin Coisne, Julia Grapsa

Results: Proposition Votes / Opposition Votes / Abstentions

17:20 **That this House believes compelling evidence for the role of cardiac MRI in HVD exists only for the assessment of the ventricles.**

Chairs: Alain Nchimi Longang, Julia Grapsa

Proposition: Laura Dobson | **Expert panel :** Guy Lloyd, Luigia D'Errico

Opposition: Steffen Petersen | **Expert panel :** Bernard Cosyns, Covadonga Fernández-Golfín

Results: Proposition votes / opposition votes / abstentions

17:30 End of the session

D4 SATURDAY 8TH

09:00 | 10:30 CONTROVERSIES, DEBATES, GAPS IN VHD DIAGNOSIS AND MANAGEMENT

- 09:00** **That this House believes transcatheter closure should be always the first option in paravalvular leak.**
Chairs: Len Shapiro, Giulio Stefani
Proposition: Patrick Calvert | **Expert panel :** Jan Kovac, Alain Berrebi
Opposition: Catherine Otto | **Expert panel :** Sam Nashef, Marc Radermecker
Results: Proposition votes / opposition votes / abstentions
- 09:30** **That this House believes Ross procedure is the treatment of choice in young adults with bicuspid aortic valve.**
Chairs: Clive Lewis, Vincent Tchana-Sato
Proposition: Serban Stoica | **Expert panel :** John Chambers, Stephen Large
Opposition: Ravi De Silva | **Expert panel :** Thierry Letourneau, Neil Cartwright
Results: Proposition votes / opposition votes / abstentions
- 10:00** **That this House believes surgical aortic valve replacement is the treatment of choice for aortic stenosis in patients predicted to have good surgical outcome and good life expectancy.**
Chair: David Philip Jenkins
Proposition: Marjan Jahangiri | **Expert panel :** Khalil Fattouch, Joseph Zacharias
Opposition: Mike O'Sullivan | **Expert panel :** Thomas Modine, Jeroen Bax
Results: Proposition votes / opposition votes / abstentions
- 10:30** **Coffee break in the exhibition hall**
Poster Display of accepted abstract
- 11:00 | 12:30 CONTROVERSIES, DEBATES, GAPS IN VHD DIAGNOSIS AND MANAGEMENT**
- 11:00** **That this House believes minimally invasive mitral valve surgery should be an option for patients with severe degenerative mitral regurgitation.**
Chairs: Narain Moorjani (SCTS), Mani Vannan
Proposition: Joseph Zacharias | **Expert panel :** Steven Hunter, Samuel Bruls
Opposition: Francis Wells | **Expert panel :** Norman Briffa, Gilles Dreyfus
Results: Proposition Votes / Opposition Votes / Abstentions
- 11:30** **That this House believes transcatheter edge-to-edge repair in ventricular-secondary mitral regurgitation can provide a bridge to transplantation.**
Chairs: Stephen Large, Eustachio Agricola
Proposition: Mamta Buch (BHVS) | **Expert panel :** Anna Sonia Petronio, Thomas Modine
Opposition: Stephen Pettit | **Expert panel :** Erwan Donal, Gilbert Habib
Results: Proposition Votes / Opposition Votes / Abstentions
- 12:00** **That this House believes transcatheter techniques will prevail in the treatment of isolated tricuspid regurgitation.**
Chairs: Rebecca Hahn, Patrizio Lancellotti
Proposition: Francesco Maisano | **Expert panel :** Mike Mullen, Stephan von Bardeleben
Opposition: Gilles Dreyfus | **Expert panel :** Francis Wells, Luigi Badano
Results: Proposition Votes / Opposition Votes / Abstentions

12:30 Lunch in the exhibition hall

Poster Display of accepted abstract

13:30 | 14:30 SATELLITE SYMPOSIUM

14:30 | 15:30 CONTROVERSIES, DEBATES, GAPS IN VHD DIAGNOSIS AND MANAGEMENT

- 14:30** **That this House believes transcatheter staged approach instead of surgery can be offered in multiple valve disease.**
Chairs: Philippe Pibarot, Stephan von Bardeleben
Proposition: Charis Costopoulos | **Expert panel :** Philippe Unger, Francesco Maisano
Opposition: Norman Briffa | **Expert panel :** Jeroen Bax, Sam Nashef
Results: Proposition votes / opposition votes / abstentions
- 15:00** **That this House believes minimally invasive surgery should be considered for patients with previous sternotomy and patent LIMA, before transcatheter techniques.**
Chair: Khalil Fattouch
Proposition: Paul Modi | **Expert panel :** Marjan Jahangiri, Steven Hunter
Opposition: Jonathan Byrne | **Expert panel :** Stephan von Bardeleben, Thomas Modine
Results: Proposition votes / opposition votes / abstentions

15:30 Coffee break in the exhibition hall

Poster Display of accepted abstract

16:00 | 16:30 FLASH NEWS: COMPANY: EDWARDS

Optimizing the result of surgical AVR and of future valve-in-valve TAVI (Inspiris Resilia, aortic root enlargement). Max Baghai, John Taghavi

16:30 | 17:20 DEBATABLE CASES WITH LIVE-IN-A-BOX RESULT

Chairs: Augustin Coisne, Madalina Garbi
Expert Panel: Khalil Fattouch, Mamta Buch, Brian Campbell, Jonathan Weir-Mccall
What should I do? / What did I do?

- 16:30** **A case of MAC with severe calcific mitral stenosis (surgical TAVI valve in MAC).**
G Manoharan
- 16:40** **A case of MAC with severe mitral regurgitation (transcatheter TAVI valve in MAC).**
Thomas Modine
- 16:50** **Surprise in a box**
16:50 Surprise case 1. Charis Costopoulos
17:00 Surprise case 2. Joseph Zacharias
17:10 Surprise case 3. John Taghavi

17:30 Closing remarks

Madalina Garbi

ACCOMODATION

Divine [id] has made reservations for participants at privileged rates at the Hotel. To benefit from these rates, please return your housing form as soon as possible. Upon reception of the accommodation form, together with a deposit of one night accommodation, a booking confirmation letter will be sent to the participant by email. The balance has to be paid one month before arrival (September 20, 2022). The daily hotel tax and any other extra are payable directly to the hotel on departure.

Any booking & changes must be communicated in writing to divine [id] before September 20, 2022. A 10% administrative fee will be charged for any cancellation. After September 20, 2022, no refund will be paid.

HOW DO YOU GET THERE?

Reach Cambridge by car, from

The Union's building is conveniently sited in central Cambridge, with easy access available by an assortment of modes of transport. Our address is The Cambridge Union Society, 9a Bridge Street, Cambridge. CB2 1UB. Detailed directions can be found below.

On Foot

From King's Parade: Walk down the street with the colleges on your left. Continue past Trinity College (Trinity Street) and on past St. John's College (St. John's Street). The street ends at a crossroads. Opposite, you should see the Round Church. Cross the road, and take the path to the right of the Round Church. The Union Society building is at the end of that path.

From Market Square

Head across the square, away from Great St. Mary's Church, and towards the left corner. Follow Market Street from that corner until it joins Sidney Street. Turn left down Sidney Street, and follow it past Sainsbury's on your left, Patisserie Valerie on your right, and continue until you see the Round Church on your right. Turn right down the path just before the church. The Union Society building is at the end of that path.

From the Bus Station (Drummer Street):

Leave the bus station, turning right out of the station cul-de-sac. Follow this short street, Emmanuel St to the next junction, turning right into St. Andrews Street. Continue to the pedestrianised area, at the left fork when the road splits (Sidney Street, at Lloyds TSB Bank). Continue down Sidney Street, and follow it past Sainsbury's on your left, Patisserie Valerie on your right, and continue until you see the Round Church on your right. Turn right down the path just before the church. The Union Society building is at the end of that path.

From Jesus Lane (Bus stop):

Head along Jesus Lane towards the City Centre. Continue to the end of the road (at a T-junction) and Patisserie Valerie. Turn right down Bridge Street and continue until you see the Round Church on your right. Turn right down the path just before the church. The Union Society building is at the end of that path.

By Bus

From outside Cambridge, buses should stop at Drummer Street Bus Station, the main bus station in Cambridge. On arriving, follow the pedestrian directions above from Drummer Street.

Within Cambridge, take buses to Park Street or Jesus Lane, and then follow the relevant directions from those stops.

By Train

The Union Society building is a 5-minute taxi-ride, or a half-hour stroll, from Cambridge Train Station. Cambridge is serviced by four trains an hour from London (King's Cross and Liverpool Street), three from Stansted and regular services from Birmingham. It is easily accessible from most other stations.

There is a taxi rank immediately outside the station, and a regular bus service runs between the train station and bus station.

By Car

Approaching from the A14 Eastbound (The North, West-Midlands and Wales) Leave the A14 using the A1307. Follow signs for Cambridge. Follow this road (Huntingdon Road) to a major traffic light controlled junction. Turn left at this junction, and continue straight ahead at the next set of traffic lights (which are almost immediate). This is Victoria Road; continue to the end. From here, follow signs for Park Street Multi-story car park. Use the right hand lane until you turn back on yourself (second set of lights) and then immediate left which takes you up and over the river. Turn right at the roundabout, Jesus Lane; and turn right at the traffic lights into Park Street.

Follow the pedestrian directions from the Car Park.

Approaching from the A14 Westbound (Ely, Norwich)

Leave the A14 by turning onto the B1049 toward Cambridge City Centre. Carry on along this road until you reach a T-junction. Turn left at the junction; this is Victoria Road.

Continue to the end. From here, follow signs for Park Street Multi-story car park (see more details in paragraph above).

Follow the pedestrian directions from the Car Park.
