

PROGRAM

December 10-16, 2021

**Marie Lannelongue hospital
Le Plessis-Robinson, FRANCE**

*** FREE REGISTRATION**
to Critical issues included form
December 17 to 18, 2021

PEAC COURSE DIRECTORS

Stéphan Haulon, Marie Lannelongue hospital, France
Tara Mastracci, London, United Kingdom
Timothy Resch, Copenhagen, Denmark

GROUPE
HOSPITALIER
PARIS
SAINT-JOSEPH

Welcome to this third edition of **PEAC**: **Paris Endovascular Aortic Course** in Marie Lannelongue hospital!

The aim of the workshop is to provide case-based state-of-the-art guidance on basic and advanced endovascular aortic intervention, including developments for the aortic arch and dissections.

Attendees will learn “what to do and how to do it” through daily live case demonstrations, hands-on workshops (including bench endograft and percutaneous closure system deployment), and training in 3D workstation use and advanced imaging applications.

The Faculty are experts in this field and will provide up to date opinions and experience on patient selection, endograft planning and implantation tips and tricks. The promising results that can be achieved with EVAR, TEVAR, and branched and fenestrated endografting will be shown, and attendees will have first hand access to experts for real time questions and answers.

Stéphane Haulon, Tara Mastracci and Timothy Resch.

PEAC COURSE DIRECTORS

Stéphane Haulon, Marie Lannelongue hospital, France

Tara Mastracci, London, United Kingdom

Timothy Resch, Copenhagen, Denmark

INTERNATIONAL FACULTY

Nuno Dias, Malmö, Sweden

Dominique Fabre, Marie Lannelongue hospital, France

Tilo Kölbel, Hamburg, Germany

Mark R. Tyrrell, London, United Kingdom

Jason Wilkins, London, United Kingdom

CONTENT & TOPICS

- Live cases from the hybrid room every day
- Hands-on workshops
- Training in 3D workstation use
- Lectures from international endovascular experts
- Dedicated sessions (live cases + lectures) on EVAR, TEVAR, Iliac Branch, FEVAR and BEVAR, Percutaneous closure systems
- Complex cases sessions (live cases + lectures)

Friday, December 10 : infra renal AAA, Iliac Branch

Chairmen: Mark Tyrrell, Jason Wilkins (London)

Live cases: 1 EVAR + 1 iliac branch

Topics to be covered (presentations, discussions & exercises):

- 8:45**
- Why EVAR, Who to EVAR?
 - Standard and low profile Abdominal EVAR devices:
 - Overview – How they work & deploy, Markers & overlaps. Key steps.
 - Choosing device components:
 - 3D Workstation/Software, Graft Planning & Sizing (2 methods), Anatomical Limitations & IFU
 - Overcoming Challenges and Recognizing the Impossible

10:00 - 10:30 Coffee Break

- Operative planning
- Cannulation made easy:
 - An Introduction to Sheathes, Wires & Catheters
 - Failed cannulation: Snare, Bailout to AUI (converter)

12:00 - 13:00 Lunch Break

- Meaningful Informed Consen
- EVAR and Ruptured AAA
- Emergency Planning – Go/No Go

16:00 - 16:30 Coffee Break

- Post-EVAR Surveillance & Re-Intervention
- Getting it wrong - Errors that are no longer original!
- Iliac Branch Device Overview
 - Graft Planning & Sizing, patient selection
 - Deployment graft, Tips & Tricks
 - Results from the literature

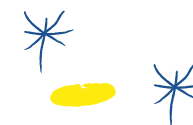

17:00 End of session

Evening: Welcome party

Restaurant L'Île

170 Quai de Stalingrad Parc de l'Île Saint-Germain, 92130 Issy-les-Moulineaux

Transfert by bus

Saturday, December 11 8:45 - 17:00

TEVAR

Chairman: Timothy Resch (Copenhagen)

Live cases: 2 TEVAR

8:45 Welcome & outline of the day

- Device overview
- Clinical evidence for TEVAR in descending aneurysm

10:00 - 10:30 Coffee Break

- Planning for TEVAR
- Procedural tips and tricks
- Is revascularization of LSA and CA necessary?
- Follow up after TEVAR

12:00 - 13:00 Lunch Break

- Acute dissections: who should we treat, and how?
- CTA and MRI in aortic dissections
- TEVAR for Chronic dissections: indications for TEVAR, long term results
- TEVAR Video case presentations

16:00 - 16:30 Coffee Break

- Percutaneous closure devices
- Planning Endografts with 3D Workstation
- **Afternoon Hands-on WS:**
 - EVAR, IBD and TEVAR bench deployment
 - Percutaneous closure devices
 - 3D Workstation planning
 - Embolization, catheterization on simulators

17:00 End of session

Monday, December 13 8:45 - 17:00

FENESTRATED ENDOGRAFTS

Chairman: Tara Mastracci (London)

Live cases: FEVAR

8:45 Welcome & outline of the day

- Fenestrated device overview
- Implanting a fenestrated endograft, How I do it. [videos]

10:00 - 10:30 Coffee Break

- Planning and sizing fenestrated endografts
- Assessing ideal anatomy for a good fenestrated repair

12:00 - 13:00 Lunch Break

- Walking through the planning of a case
- Case reports on complex anatomies

16:00 - 16:30 Coffee Break

- Benefit of CBCT and the use of fusion imaging
- Fenestrated cuffs for proximal type 1 endoleak (EVAR rescue) and other options for rescue
- Secondary procedures after FEVAR

17:00 End of session

Tuesday, December 14 8:45 - 17:00

BRANCHED ENDOGRAFTS

Chairman: Nuno Dias (Malmö)

Live cases: 2 BEVAR

8:45 Welcome & outline of the day

- Tips and tricks for fenestrated endografts... How to get into and out of trouble?
- Device overview, planning and sizing of “off the shelf” endografts

10:00 - 10:30 Coffee Break

- Implanting a branched endograft. How I do it? [videos]

12:00 - 13:00 Lunch Break

- Outcomes and durability of branched endografts
- Tips and tricks for branched endografts

16:00 - 16:30 Coffee Break

- Renal outcomes following FEVAR & BEVAR

17:00 End of session

Wednesday, December 15 8:45 - 17:00

ARCH AND ASCENDING, TAVI

Chairman : Tilo Kölbel (Hamburg)

Live cases: One arch branch case

8:45 Welcome & outline of the day

- Arch endografts device overview, planning and sizing, results
- Accesses to the ascending aorta

10:00 - 10:30 Coffee Break

- Ascending aorta endografts device overview, planning and sizing, results
- Endovascular repair of type A dissections

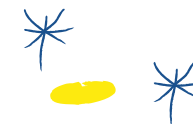

12:00 - 13:00 Lunch Break

- Chronic type B dissections: innovative techniques
- Video cases, Tips & Tricks

16:00 - 16:30 Coffee Break

- Aortic root surgery
- Best practice in TAVI

17:00 End of session

Thursday, December 16 8:45 - 14:00

DISSECTIONS, HYBRID ROOMS

Chairman : Stéphan Haulon (Le Plessis Robinson)

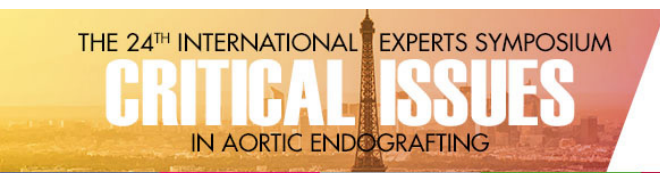

Live cases: open Arch or TAAA repair (Dominique Fabre)

8:45 Welcome & outline of the day

- FEVAR & BEVAR for chronic dissections
- Spinal Cord Ischemia prevention
- Imaging - Basics radiation physics

10:00 - 10:30 Coffee Break

- Imaging – the dose battle
- Hybrid OR: benefits & room planning
- Case discussion

DECEMBER 17 & 18 2021
PULLMAN PARIS BERCY PARIS - FRANCE

Included in your package a FREE registration to Critical Issues

For any information about registration or accommodation, please contact:

Caroline Lefrançois

cdefrancois@divine-id.com | mob. +33 (0)6 73 53 45 89 | Tel. +33 (0)4 91 57 19 60

Rates

	Le Grand Hôtel du Plessis-Robinson****	Parc Hôtel***	Package without accommodation
Packages	4 400 €	4 100 €	3 500 €

A 10% administrative charge will be applied to cancellations up to November 8, 2021. After November 8, 2021 no refund will be given. No-shows at the workshop will be charged the full fee. Refunds will be processed until end of February 2022. The whole package stay has to be paid before November 8, 2021 to avoid cancellation of reservation.

Process to register :

1 - Send your CV and application letter to hmarty@divine-id.com **before November 10, 2021.**

2 - If your application is successful and - **in this case only** - you will receive an email notification to register online.

Do not register before! Only participants who have been selected can register

Online registration : www.event.divine-id.com

Registration will be closed **after November 10, 2021**

All information on www.peacworkshop.com

Registering to the congress implies that you agree to have your personal information (surname, first name and country only) sent to the industry sponsors. Divine [id] informs you this was the subject of a declaration to CNIL, the French data protection agency, and this processing is in compliance with the French norm « NS n°48 ». In accordance with article 34 of the French law « Informatique et Liberté » [January 6, 1978], you can access, modify, correct or delete your personal data. In order to do so, please contact divine [id] direct at 17, rue Venture - 13001 Marseille - France or at info@divine-id.com

Registration fees

Full package accommodation include: a single room for 7 nights (from December 9 to 16), breakfast included, registration fees for the entire workshop (6 days), lunches on workshop days, morning and afternoon coffee breaks, 1 official dinner, closing cocktail and city travel pass for 6 days, **free registration to Critical issues included.**

There will be a maximum of 60 participants in 2021.

Your registration includes a free registration for Critical Issues which will take place from December 17 & 18, 2021.

Registration & cancellation policy covid-19

General terms and conditions of sale applicable to individuals

In case of postponement of the current edition of the congress, the participants' reservations, registrations and/or accommodation are automatically postponed to the new dates of the congress. Participants who wish to cancel their participation at the postponed dates may request a refund of the registration fees, less a 10% administrative fee. Any request for reimbursement following the postponement of the congress will only be accepted if made before the deadline indicated by the organizer. Accommodation is refundable up to 30 days prior to the conference. Following the postponement, if the participant decides to cancel his/her participation and then register at the lower rate, the re-registration will be done at the rate initially paid.

General terms and conditions applicable to groups

The general terms and conditions of sale applicable to groups are identical to the general terms and conditions of sale applicable to individuals if the congress is either postponed or transformed into a hybrid or 100% virtual one. The group leader may request the modification of the names of the group members as long as the services remain unchanged, until D-15 before the congress

Important deadline

Registration & Hotel Booking: November 8.

Target audience

Vascular Surgeons, Cardiac Surgeons, Surgeons, Interventional Radiologists & Cardiologists, Angiologists.

Welcoming dinner

December 10, 2021.

Acknowledgements 2021

PEAC 2021 is compliant with Ethical Medtech business code of practise.
