## Edito

Dear friends and colleagues,

It is a great pleasure to welcome you to this 7th edition of Eurovalve congress in Madrid!  
The scientific program was built with one main goal : interactivity ! The format of EuroValve 2019 includes discussions, meet the expert sessions, symposia, and other interactive sessions.  
Take your time to visit the exhibition and discover the industry news as it is only thanks to their precious help that we could achieve our ambitious meeting and do not miss the industry symposia in the plenary room, on Thursday with Edwards and on Friday with Abbott.

Do not miss the ePoster competition with outstanding scientific works from selected abstracts received.  
We are very pleased to have you during two convivial days of fruitful teaching in the beautiful town of Madrid. Enjoy the congress!

Patrizio Lancellotti, Khalil Fattouch, Gilbert Habib, José-Luis Zamorano, Luc A. Piérard, Philippe Pibarot, Thomas Modine.
